A Heavy Weight Guaranteed Blue Serge Suit at \$18.50
The Masterpiece of Clothcraft Scientific
Tailoring

JUST to show how good a blue serge suit could be made at a medium price, the makers first produced 4130 a year ago. It proved the biggest seller they ever had, because it was easily the best value in blue serge ever offered at the price.

This Fall, it's even better. In fact, it's the Masterpiece of Clothcraft Scientific Tailoring. While not the highest priced suit in the Clothcraft line, it's easily the best that ever bore the Clothcraft Label and Guarantee.

By producing this suit in large quantities, the makers have been able to put in it a better serge than would otherwise be possible at the price. In fabric, fit, fashion and finish, 4130 is an exceptional suit. It's guaranteed all-wool, fast and full color, full weight. Guaranteed also to hold shape and give absolute satisfaction in wear and service.

We quickly foresaw the popularity of this Clothcraft Blue Serge Special for Fall, and we've prepared for a big demand.

Before you decide on your Fall suit, come in and see The Clothcraft Blue Serge Special No. 4130. Examine the cloth and the tailoring. Try it on and notice the style and fit. If you don't decide it's the best \$18.50 worth you ever saw, you can't buy it.

The police court docket has been very heavy here for a while and the officials have been making the transgressors live hard. Weep not Elisha, the government at Washington will still stand and prosperity will crown our efforts.—We ourselves have been silent for the past few weeks, being in the midst of a big election and doing all we could against that hateful stock law and now we are looking to be called to the pie counter at Washington to get our part of the divide up.—Mrs. App Taylor has returned from Louisville.—E. KENTUCKY PRESS ASSOCIATION

Now that all elections are over, the next thing to engage the attention of Kentucky Democrats is the election of a United States Senator, to succeed the Hon. William O. Bradley. Who shall it be? This question is frequently asked and this paper is proud to say that up in the mountains the usual reply is, Gov. J. C. W. Beckham. Many Democrats who were against the Governor in his last race for the Senate and were really glad when he was defeated will work and vote for him in the primary next August. In the past the SIGNAL has opposed the Governor because we believed it was right and proper that we should, but time has proven the error of our way, and in the coming race the SIGNAL will take great pleasure in doing everything that it can to bring about the election of the Hon. J. C. W. Beckham to the United States Senate, an office which by right and justice he should be filling today.

BUT the truth should give to all Democrats a profound sense of responsibility—a deep realization that the power has been confined to them for hard work and for public service, and not for mere rejoicing and self-congratulation, and still less for the mere division of political spoils.

THE Wilson victory is as clean as it is sweeping. As candidate Mr. Wilson promised nothing he cannot within reason hope to carry out. He triumphed at no man's expense. No regrets go with the prize.

AFTER March 4 there will be one advantage in being a Republican. You can blame every existing evil on the Democratic party.

A TEXAS minister said the other day that profanity was the nation's blight, but since the election there's nothing to cuss about.

As we scan the popular vote we discern that if Teddy succeeded in defeating Taft, Taft was just as successful with Teddy.

OWING to the long time between elections there are a lot of hungry Democratic office-seekers in the country at present.

A good roads advocate can't help but do something to cause the people to think of the condition of our roads. Now that the elections are all over and we have nothing to talk about of special importance let's all to a man promise ourselves that we will do something to help somebody else, and get out of the position of mind that we as men too often get into, that of selfishness. Suppose this world was made up of men that just thought of self and self only? What then do you suppose would become of us, and I might say again, what if the good master in creating man had willed his instrument of creation in a selfish way, would we not, lots of us, been very short in our various places that we fill in this great world of trials and tribulations. Now I as a citizen of old Rockcastle, would like to see her take her right position on the front seat, as one of the first Mountain counties in the way of progress and the only way that I can possibly see for us to do it, is for us to leave off so much strife and envy and all join hands as we did when but boys, and have some spirit of earnestness as we had then and avow ourselves in one solid compact to stand for Rockcastle county's development.

Now since the voters of our county said by the way they voted that they were willing to continue

laboring on the roads without the hope of fee or reward, one would be constrained to believe that we are satisfied with the conditions of the roads, but that is not the case as everybody seems to think that our roads should be improved. It can be done and let's do it before it is ever lastingly too late to benefit the present generation. Let us, even boys I mean, study about our great road question and be able to talk with each other in a sensible way and write our congressman to send us information on the question of building roads and we will find it will broaden our minds and give us better conception on road building. People, if you are interested like I think you are write me as chairman or any of good roads committee and let's devise plans by which we may take on a better and more progressive spirit. Organized efforts will do more for advancement in any cause. So business men, farmers, and professional men bestir yourself and let us do for our county what is our duty and you will see our dear old county with better roads, better churches and better schools and that should be our aim to the end.

Yours,
CHAS. C. DAVIS.

Favoring the reduction of governmental expenses the Hoss branch debating club at its meeting Wednesday night resolved that Brodhead and Mt. Vernon post offices be combined or consolidated and moved to Mt. Vernon fair grounds with of Cull for mail totter.

H. Hellen had an easy time in being returned to Congress. The fun will set in when the army of office seekers begin marching on the Capital. Alas poor Hiram. No rose without its thorns.

Verily are the days of the wicked shornd. Lo even the time of those who take that which belongs to others. Yea dark times have overtaken the agents of William who spitefully used Teddy in the great city by the still waters of the Lake. They were smitten hip and thigh as though Armageddon was reached and its battle fought lost to William who mourns in sackcloth and ashes and refuses to be comforted even when remembering his tariff vetoes and other Trust accommodations.

The elephant fell down and broke his crown and the Moose came tumbling after.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkably cures of colds and grip and can be relied upon with implicit confidence. For sale by Chas. C. Davis.

The Kansas City Star in a special says: Woodrow Wilson will have, on the unofficial returns, a plurality of more than 2,000,000 votes. Theodore Roosevelt in 1904 got a plurality of more than 2,500,000 votes and a majority over all. Gov. Wilson, however, was elected by a minority vote, the combined Roosevelt and Taft vote alone exceeded the Wilson vote by 667,672. Mr. Roosevelt's plurality over Mr. Taft is nearly 1,000,000 votes on the unofficial count.

Each of the unofficial figures on the three candida gives Wilson 6,398,997 votes, Roosevelt 4,315,805, and Taft 3,330,864. In 1908 Mr. Bryan received a vote of 5,491,104, or 10,107 more than Mr. Wilson's unofficial vote in this election.

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and best remedy for coughs, colds and bronchial trouble writes Mrs. L. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by Chas. C. Davis.

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:
"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State college says about preventing Hog cholera:

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hog has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hypo sulphate and Black Antim.

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUXVOMICA. Digestive and Nerve Tonic. Expels Worms. SULPHATE OF IRON. Blood Builder & Expels Worms. COMMON SALT. Appetizer. Expels Worms. NITRATE OF POTASH. Acts upon the Kidneys. FENUGREEK. Tonic and Aromatic.

This preparation is compounded by Dr. Hess (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs
Dr. Hess Stock Tonic
to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of
Dr. Hess Dip and Disinfectant
one of the foremost coal tar creosote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

Our most efficient Livingston correspondent was very much against the stock law in that precinct voted upon on the 5th. We are told by one of his Livingston friends that Bill in his anxiety to vote against it voted in the square opposite the word "against" which meant he wanted the stock kept up. Bill bitterly denies it but some of his good friends swear it is true.

The two year old child of Mr. and Mrs. John Houk, of Mareburg, fell in a jar of water Monday and was drowned. The little fellow, as we get it, fell in a jar which contained just enough to come up over its head and in some way got fastened so as to be unable to extricate itself and died before anyone found it. This was a most horrible experience and the parents, who are crushed at the loss of their little one in such a manner, certainly have the sympathy of all.

Special agent Cam Mullins was stabbed by John Grabel at London Sunday. Mullins had arrested Grabel and started to jail with him, when a man by the name of Settles rushed upstruck Mullins and knocked him down. Grabel then drew his knife and began cutting on Mullins. When Settles struck Mullins, Frank Mullins who was standing near rushed up and grabbed Settles but in the scuffle, Frank Mullins lost his balance and fell across Cam Mullins and had it not been for Cris Mullins a younger brother of Frank Mullins who appeared on the scene, it is very evident that the two Mullins' would have fared pretty badly at the hands of Grabel and Settles.

Mullins received a very painful but not serious cut in the small of the back which will keep him confined to his room for several days. He was brought to his home Tuesday and the last report is that he is resting very well.

There will be a meeting of the directors of the Mt. Vernon Fair Association in Atty. E. R. Geutry's office tomorrow (Saturday). A full attendance is desired.

How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood and throw out the poisons from the body, making in the past forty years has excelled Dr. Pierce's Golden Medical Discovery, a pure glyceric extract (without alcohol), of bloodroot, golden seal and Oregon grape root, stone root, mandrake and queen's root with black cherry bark.

J. H. MARTIN, Esq.

"My husband was a sufferer from stomach trouble and impure blood," writes Miss James H. Martin, of Frankfort, Ky. "He had a sore on his face that would form a scab which would dry and drop off in about a month, then another would immediately form. He continued this way for a long time. He tried every remedy that any one would suggest but found no relief. He then tried Dr. Pierce's Golden Medical Discovery which completely cured him. He has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood."

Crab Orchard, Ky., Nov. 12.—The 19th annual meeting of the National Fox Hunters' Association began its session here Monday morning at the historic old Crab Orchard Springs hotel, with sportsmen and sportswomen and their blooded animals present from half a dozen states. The array of hounds at this meeting is said to be the finest that has been seen in a number of years.

Reversing the usual order of the program, the all aged stake was carded before the Derby for the puppies at this year's meeting, so the older dogs were led out for the first heat Monday. About 45 entered in the initial race, the principal entrants being Geo. Roger Williams, Lexington three hounds, Col. Jack Chinn, Woodford county, three; Arch Walker of Garrard two; George Hess, of St. Paul, Ind., two; T. G. James of Mississippi, two; J. H. Lane of Alabama four; Joe H. Smith of Lexington, three; T. B. Scott, of Camp Nelson one; Sam G. Storey of Georgia, two; J. H. Winder of Vincent, Ala., four; Dr. Casper, of Louisville, two; W. K. Herrin of Clarksville, Miss., one; W. J. Leavelle, of Camp Nelson two; C. D. Maubin, of Madison county two; Stanley Plake, of Cynthiana four.

The first run was made through what are known as the Cedars on the old Co-k place towards the knobs. A fox was started soon after the chase but no capture was made. A rather stiff wind prevented more than fair work being accomplished by the dogs, and the chase was not continued long. It is expected that all of three days may be required for decisions in the Aged stake, by the judges who are R. Z. Moss, of Camp Nelson, Hayden Leivell, of Lancaster, Peyton Parrish, of Preacher, L. B. Dickerson, of Nicholasville and Wm. Turner, of Winona, Miss. They followed the dogs closely Monday and took many notes of the performances.

The indoor feature of the meet the annual bench show will be held at the Springs, on Wednesday. That evening the annual hop will be given which is always made a delightful society event. The Derby for the younger hounds is expected to be started Thursday.

Children Cry FOR FLETCHER'S CASTORIA

DISPLAY TO COST MANY THOUSAND

CHILD WELFARE EXHIBIT AND CONFERENCE AT LOUISVILLE NOVEMBER 21-30.

TO BE HELD IN BIG ARMOY

For The Redemption of the Young of the Present Generation and Future Generations Great Meeting Will be Held.

The Kentucky Child Welfare Conference and Exhibit, designed for the redemption of the children of Kentucky, even until the third and fourth generations, and primarily designed for the redemption of these children of the present generation, will be held in the commodious First Regiment Armory in Louisville, November 21-30. The exhibit proper will be in session ten days. The conference will be in session three days, November 21-23, and the conference will be held in the Warren Memorial Presbyterian Church, corner Fourth and Broadway, one of the most convenient meeting places in Louisville.

That the child is father to the man is the belief of those back of the Child Welfare Exhibit, and to give the child at least an even break for health, lib-

erty and pursuit of happiness its aim. The purpose of the exhibit will be to show "What we are doing for children, what we are not doing for children, what we ought to do for children."

The Kentucky Child Welfare Exhibit organization has been in existence since last January, but its work has been so unobtrusive, so quiet, so unobtrusive that few realize its magnitude and scope. Beginning the night of November 21 at 8 o'clock and lasting ten days, the exhibit will have a opportunity to show, of the vastness of the undertaking. The exhibit will be held from 10 o'clock in the morning until 10 o'clock at night with the exception of Sunday and Thanksgiving day, when it will open at 12 o'clock in the afternoon and remain open until 10 o'clock at night.

Scope Comprehensive. Everything that pertains to the child and through the child to the parent will be dealt with. To comprise the exhibit it will consist of a series of moving pictures, live exhibits, model outfits, model tenement, free clinic, model playground and Lichen, of model farm, model playground, demonstration of the work done at School for the Blind and the Blind Milk Fund will have a booth where mothers can leave their babies and where fresh pure milk will be provided.

The conditions and needs of Kentucky children will be shown in a following section. Health, subject, child and the law, settlements, child, child movement, recreation, and their conditions, moral and social life, country life and schools, parents and homes.

Five hundred volunteer "explainers" working in four-hour shifts will be on duty in the particular branch they are to elucidate and will give an information desired.

The officers of the Kentucky Child Welfare Exhibit are: Mrs. Morris Beap, president; Mrs. Alfred Brandeis, first vice president; Miss Elizabeth Walsh, second vice president; Mrs. W. Thompson, secretary; Dr. Ans. Louis Strong, director; Miss Agnes Brandeis, assistant director.

Various committees and subcommittees have been working in their departments and the results already accomplished have been extremely gratifying to those in charge.

Much Detail Involved. The tremendous amount of detail work attached to such a stupendous undertaking can be grasped only fairly by a visit to the headquarters in the Armory. The only handicap that has encountered is the very serious one of money. The New York Child Welfare Exhibit shows cost \$100,000 and were visited by 250,000. The screen-

used there were used in Chicago, and in addition \$50,000 was expended. Their efforts were awarded by an attendance of 410,000. Exhibits have been held in Kansas City and Northampton, Mass., and are to be held in St. Louis and Montreal. Then Kentucky Child Welfare Exhibit has secured nearly \$4,000 so far, but much more is needed. Donations may be sent to the Kentucky Child Welfare Exhibit at the Armory.

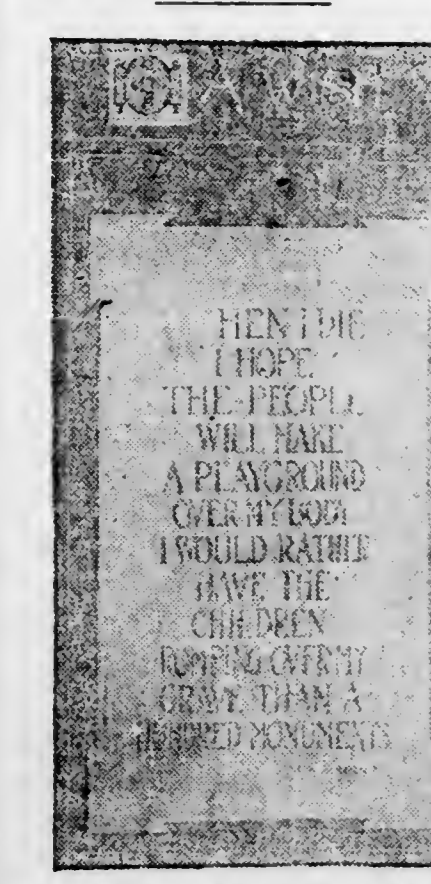

The Child Welfare Exhibit has been accorded the hearty co-operation of the Board of Health, Board of Tuberculosis Hospital, various charity organizations and the churches. Statistics have been looked up, information at technical character furnished, reports on local conditions in various branches have been submitted and tabulated after being verified. The various committees total 230 men and women. But, as is usually the case here committees are appointed, a few active spirits do the work and the others come strong on the suggestion and. That the workers, the real workers, have been unrelenting in their efforts is shown by the splendid results achieved.

CHILDREN TO ENTERTAIN

Choruses of school children, folk dancing and gymnastic exhibitions, interchanges and folk games, drama and athletic contests by the Boy Scouts, Y. M. C. A., Y. W. C. A., the unions, and many other organizations, will take place in the Central Court every afternoon and evening except Sunday. Free moving picture in Child Welfare will be given afternoon and evening.

On Friday evening and Saturday afternoon, November 22-23, the Historical Pageant given in Central Park is day, 1911, will be repeated.

The directors and managers of the Louisville Exhibit have been preparing for their great task since the National Child Labor Association held its annual convention in Louisville last January. The enthusiasm and inspiration aroused at that time has been productive of such excellent results that Dr. Strong enthusiastically asserted that the Louisville Exhibit will be the most enjoyable and successful in the history of the entire movement. She has secured the services of 500 young Louisville girls who are studying their various parts and will devote their all time during the week of the exhibit to explaining the various exhibits and giving information and guidance to visitors.

GREAT SCHOOL CONVENTION.

In connection with the Kentucky Child Welfare Conference and Exhibit, two other notable conventions will be held in Louisville: the Child Welfare Conference proper will be held November 25th and the Exhibit will continue until November 30th. The Southern Educational Association will hold its annual convention at Louisville, beginning November 28th and continuing three days. It is expected that one thousand southern teachers will attend this convention. Mrs. Charles C. Weaver, of Louisville, has taken advantage of the Southern Educational Association and of the Child Welfare Conference, which will be in progress at that time, to call a convention of school improvement workers, the first ever held in the world.

Be Happy!

Happy the girl, or woman, who has never suffered from any of the diseases of womanhood! Or, if she has been a sufferer, happy is she if she has learned of the wonderful benefits of Cardui, the woman's tonic!

Cardui is a gentle, tonic remedy, for women's ailments. It is a natural medicine—safe, harmless, purely vegetable. It has been in successful use for more than 50 years. It has cured thousands. It should do the same for you.

TAKE CARDUI The Woman's Tonic

Mrs. Mary Neely, of Denver, Tenn., says, "I think there is no tonic on earth, as good as Cardui. I used it with the very best results. I had backache and nearly everything a woman could suffer with, until I took Cardui. Now, I feel better than I have for two years. I shall always recommend Cardui to other suffering women. I can't praise it too highly. As a medicine for weak, tired, worn-out women, Cardui is safe and reliable. Try it, today."
